

PUMEHANA DAVIS WADSWORTH

What do you love most about being a harpist? "When you show up at the wedding, everyone is so happy to see you. They know you're going to make the day that much more special. Even though there may be tension right before the wedding, there is also a release of elation and expression. Sometimes the high I get from playing a wedding gig takes up to five hours to wind down from! But the best part comes years down the road, when a bride or groom approaches me and remembers that I played at their wedding. Cool." **Tell us about the love of your life...** "I love my David :)... We celebrated our 10th anniversary at the end of May, and had dated for seven years. A Maryknoll and UH grad, he's a Radiologic Special Procedures Technician by trade, and an avid athlete by heart. When he's not working at Queen's Hospital or being my personal harp caddy or private valet, we're hanging out at the beach or the Outrigger Canoe Club. Or as I call it, go holoholo with David."
